Pelican Isle Yacht Club Again Awarded Platinum Status in the World's Top 50 Yacht Clubs for 2024-2025

Naples, Florida — January 30, 2024

The Pelican Isle Yacht Club is proud to announce that it has been honored with the prestigious Platinum designation in the World's Top 50 Yacht Clubs for the 2024-2025 award period. This recognition highlights the yacht club's unwavering commitment to excellence, exceptional service standards, and dedication to the boating community.

The World's Top 50 Yacht Clubs is a globally recognized authority in the private club industry, and the Platinum status is a testament to Pelican Isle Yacht Club's exceptional offerings and world-class amenities. The club's dedication to providing a top-tier yachting experience has earned this esteemed recognition by the Club Leaders Forum.

Pelican Isle Yacht Club, nestled in North Naples, Florida, has long been known for its serene waterfront setting, exceptional dining, and an array of social and recreational activities that cater to boating enthusiasts from around the globe. Their mission is to enhance the lives of their Members, creating a relaxed waterfront lifestyle with unparalleled camaraderie.

"We are thrilled and honored to again receive this Platinum status from the World's Top 50 Yacht Clubs," said Kathie Pedit, Director of Marketing & Membership Development at Pelican Isle Yacht Club. "This achievement is a reflection of our dedicated staff, our wonderful Members, and the passion we have for providing an exceptional Private Club and Marina Membership experience. We have overcome a great deal over the last sixteen months and look forward to continuing to exceed the expectations of our PIYC Members and Guests as we recently reopened sections of our brand-new Marina after the unfortunate storm surge destruction from Hurricane Ian in the Fall of 2022. The future is bright - - - *We Yacht This!*"

This prestigious worldwide award has been given to Pelican Isle Yacht Club twice now and reaffirms their commitment to setting the highest standards in the Private Yacht Club industry. The Club's dedication to tradition, boating culture, active Member engagement, adaptability, and evolution sets it apart as one of the most celebrated yacht clubs in the world.

As a Platinum-status recipient in the World's Top 50 Yacht Clubs, as well as #7 in Platinum Club of America, Pelican Isle Yacht Club remains dedicated to providing an extraordinary dining and yachting experience, and its doors are open to those seeking to be active in an "on the water" lifestyle.
